**Interview Analysis** 

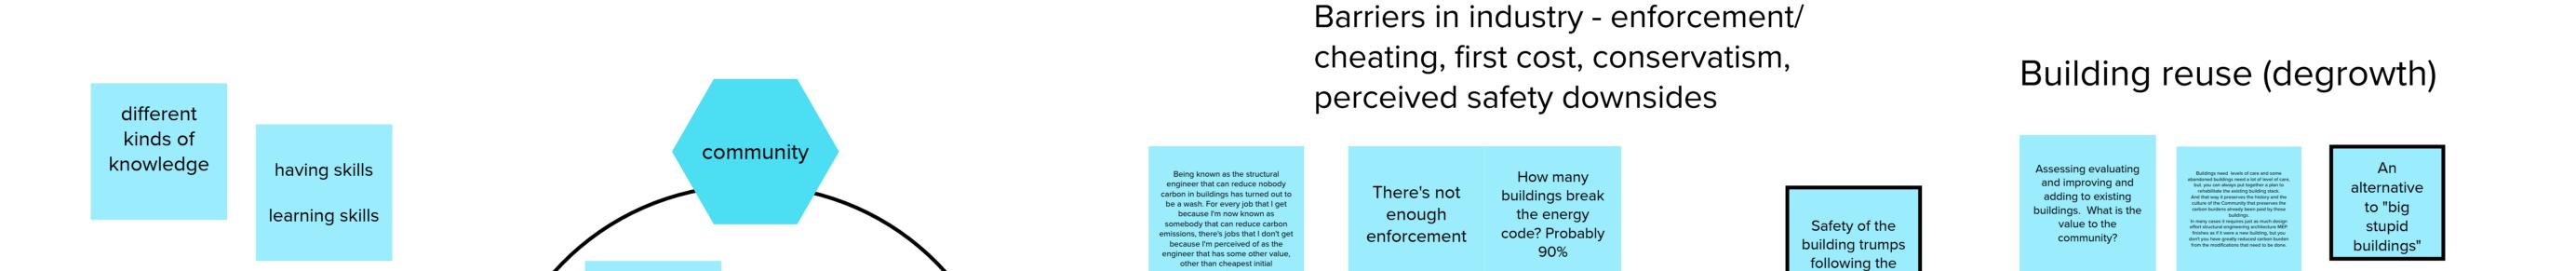

Growth into something that does not like acknowledge the natural cycles of like, rest and replenishing before growing again

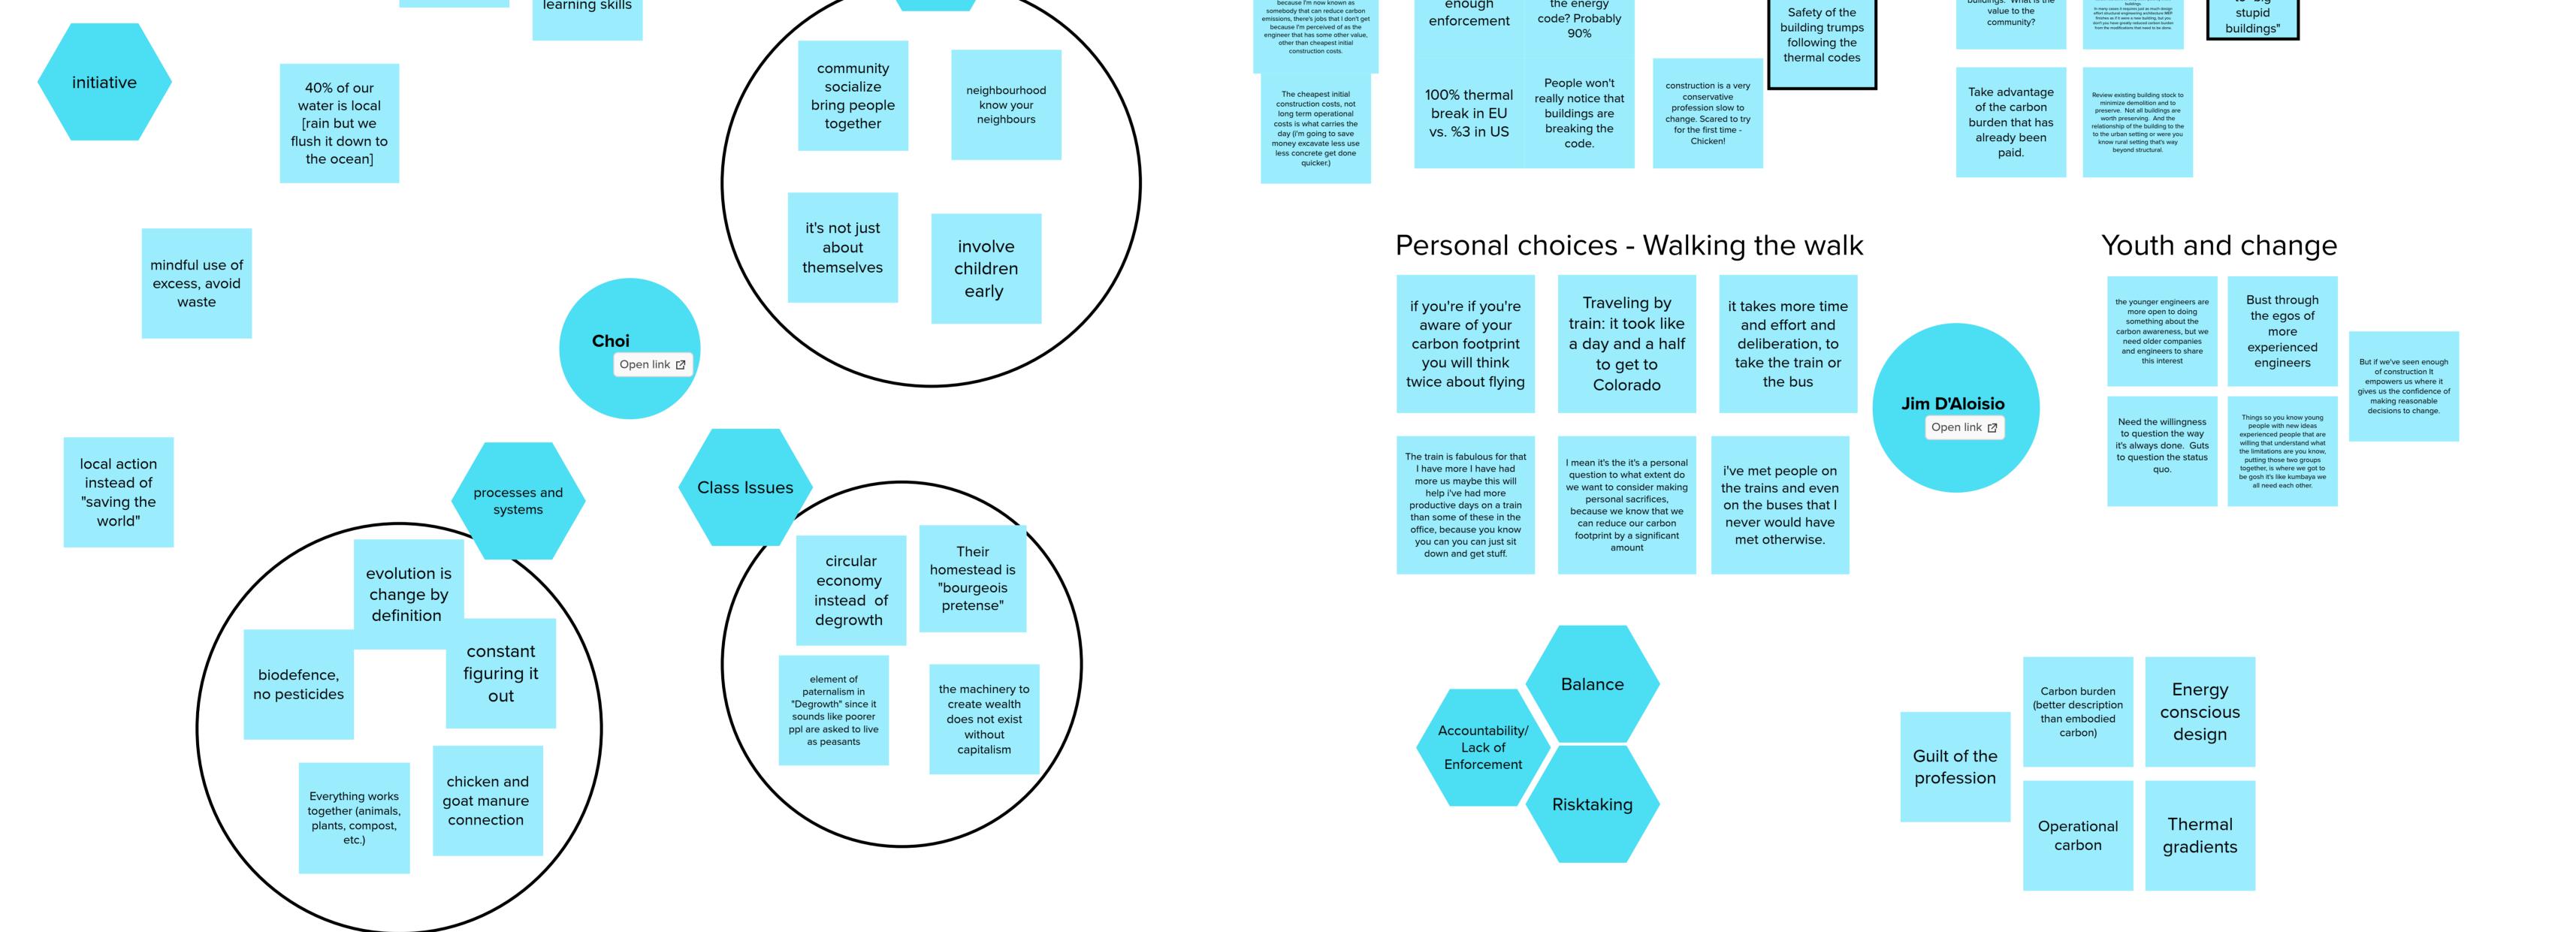

What are their how do we tell their what stood out in the story authentically? connections? individual interviews?

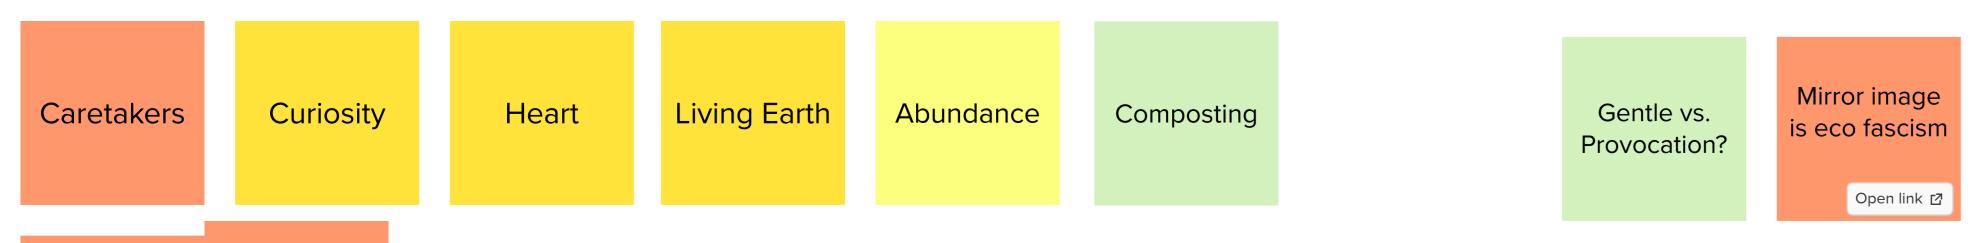

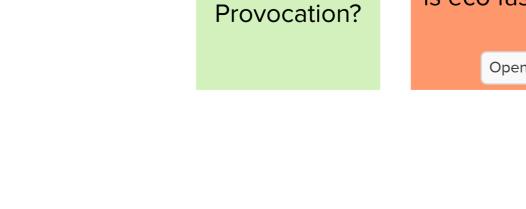

Connection	Community	Dedication	Solidarity	Committment	Think globally / Act locally
Future Thinking	Resiliency	Breaking the Cycle	Optimism + Hope	Curious Optimism	Repurpose in a new formation

Acceptance	Healing	Slowing Down	Vulnerability	Dealing with uncertainty	Courage	Duality allows for appreciation
------------	---------	-----------------	---------------	-----------------------------	---------	---------------------------------------

## cooperati stewardship

History of technology Scholars, academics Engineers, tech

Institution of	Policy	Who needs	
knowledge	makers	to hear this?	

Irony of degrowth is that a lot of growth has to happen in order for this to be put in practice. There is a spread/span across locations/communities, a strengthening of connection, rather than a build UP.
